EXPERIENCE

FPT Information System Corporation (Tan Thuan Ward, HCMC)	Sep 2024 - present
eMS - Equipment Maintenance Scheduling System <i>Backend Developer</i>	Jan 2026 – present
- Optimized bulk import of 1,500 records from 20 minutes down to 1 minute by grouping locations, caching Google Maps API distance results in DB, and batch-processing 20 records per call. - Designed RESTful APIs for contract lifecycle management and maintenance scheduling with holiday/working-time configurations, ensuring cross-system data consistency.	
Back Office for Centralized Exchange <i>Backend Developer</i>	Oct 2025 – Jan 2026
- Built RBAC authorization and fiat deposit/withdrawal modules for a CEX platform using TypeScript, NestJS, PostgreSQL, and Drizzle ORM. - Resolved inconsistent state between ZITADEL and local DB by implementing compensating rollback (deleting ZITADEL user on local DB failure), ensuring reliable user onboarding.	
Happy Digital Bank (HDBank C360) <i>Backend Developer</i>	Dec 2024 – Oct 2025
- Improved cross-database accounting entry processing by ~30% for hundreds of records between Treasury (BS) and General Ledger (GL) modules by optimizing batch operations across separate databases without foreign key constraints. - Built Treasury features for a digital banking system using Java, Spring Boot microservices, Jmix, and PostgreSQL, including contract CRUD, accounting integration, and automated reminder jobs. - Implemented General Ledger features including account history lookup, backdated entry adjustments with approval workflows, and automated payroll accounting entries for bank-wide salary processing.	
eNPS - Internal HR Survey <i>Frontend Developer</i>	Nov 2024 - Dec 2024
Developed internal HR survey features using TypeScript, ReactJS, Zustand, and React Query, including search, filter, draft, and edit workflows.	
CTD eConstruction (Coteccons ERP) <i>Frontend Developer</i>	Sep 2024 - Dec 2024
Enhanced QS module UI for warehouse confirmation and reporting using React Query, Zustand, and customized Ant Design components.	

EDUCATION

University of Information Technology – VNU, HCM City	2021 - 2025
<i>Bachelor of Information Systems ; GPA: 3.3 (8.24 / 10)</i>	

CERTIFICATIONS

TOEIC LR 715	Aug 2025 – Aug 2027
TOEIC SW 270	Oct 2025 – Oct 2027
